I will vouch for the authenticity of items I sell and will have no time limit on the return of items discovered to be non-authentic. I will offer a full cash refund upon return of any such item, including the cost of return shipping. I will allow returns within a period not less than fourteen (14) days from the recorded date of shipping or ten (10) days following attempted delivery or receipt by the purchaser, whichever is the earlier date. This return policy does not apply to group lots, items advertised and sold "as-is", items altered after receipt, or other items as specifically agreed upon beforehand with the customer.
